

REMARKS

Entry and consideration of the foregoing claim amendments and the following remarks are respectfully requested.

Prosecution on the merits has been closed. This amendment is intended to correct formal matters as requested by Examiner.

The specification has been amended to remove objectionable language, a hyperlink on page 46 and an inadvertent typographical error on page 47. A copy of a marked-up page 46 and page 47 showing the correction, and a copy of a clean amended page 46 and 47 are submitted as required.

Claims 49-54 are allowed.

Claims 1-48, 55-58, and 62-63 are canceled. Applicants reserve the right to prosecute the subject of the cancelled claims in another divisional or continuation application.

Claim 61 is withdrawn but still pending. A telephone conference with Examiner Navarro on May 18, 2009 confirmed that this claim will be rejoined and allowed since it is drawn to a method of using an allowed composition.
